

**COCAP BIWEEKLY: INCIDENTS SURROUNDING COVID-19**  
**MAY 16 - 31, 2020**

## INTRODUCTION

COCAP's "COVID-19 Biweekly" covers the incidents from May 16- 31, 2020 related to gender based violence (GBV) and incidents related COVID-19.

From May 16 - 31, 2020, COCAP's Nepal Peace Monitoring Project recorded a total of 183 incidents from across Nepal of which 60 incidents were directly related to COVID-19. Majority of incidents were protests related to lack of relief to those in need, substandard quality of quarantine centers, fine against business for black marketing of essential goods at the time of panic and assaults by the police on civilians. Of the 60 total incidents 23 were violent and 37 were latent incidents. [ See Fig 1 and Fig 2 ].

### 183 INCIDENTS ACROSS NEPAL

In the past 15 days, 39 incidents of gender based violence[GBV] were recorded in which 19 victims were below the age of 26. The nation wide lockdown has forced many women and girls to live with their abuser with limited support to reach out. It is important to note that with or without the lockdown, violence against women and girls continues to remain an important crisis in our communities. Both males and females face GBV but as per our data the majority of victims are women and girls.

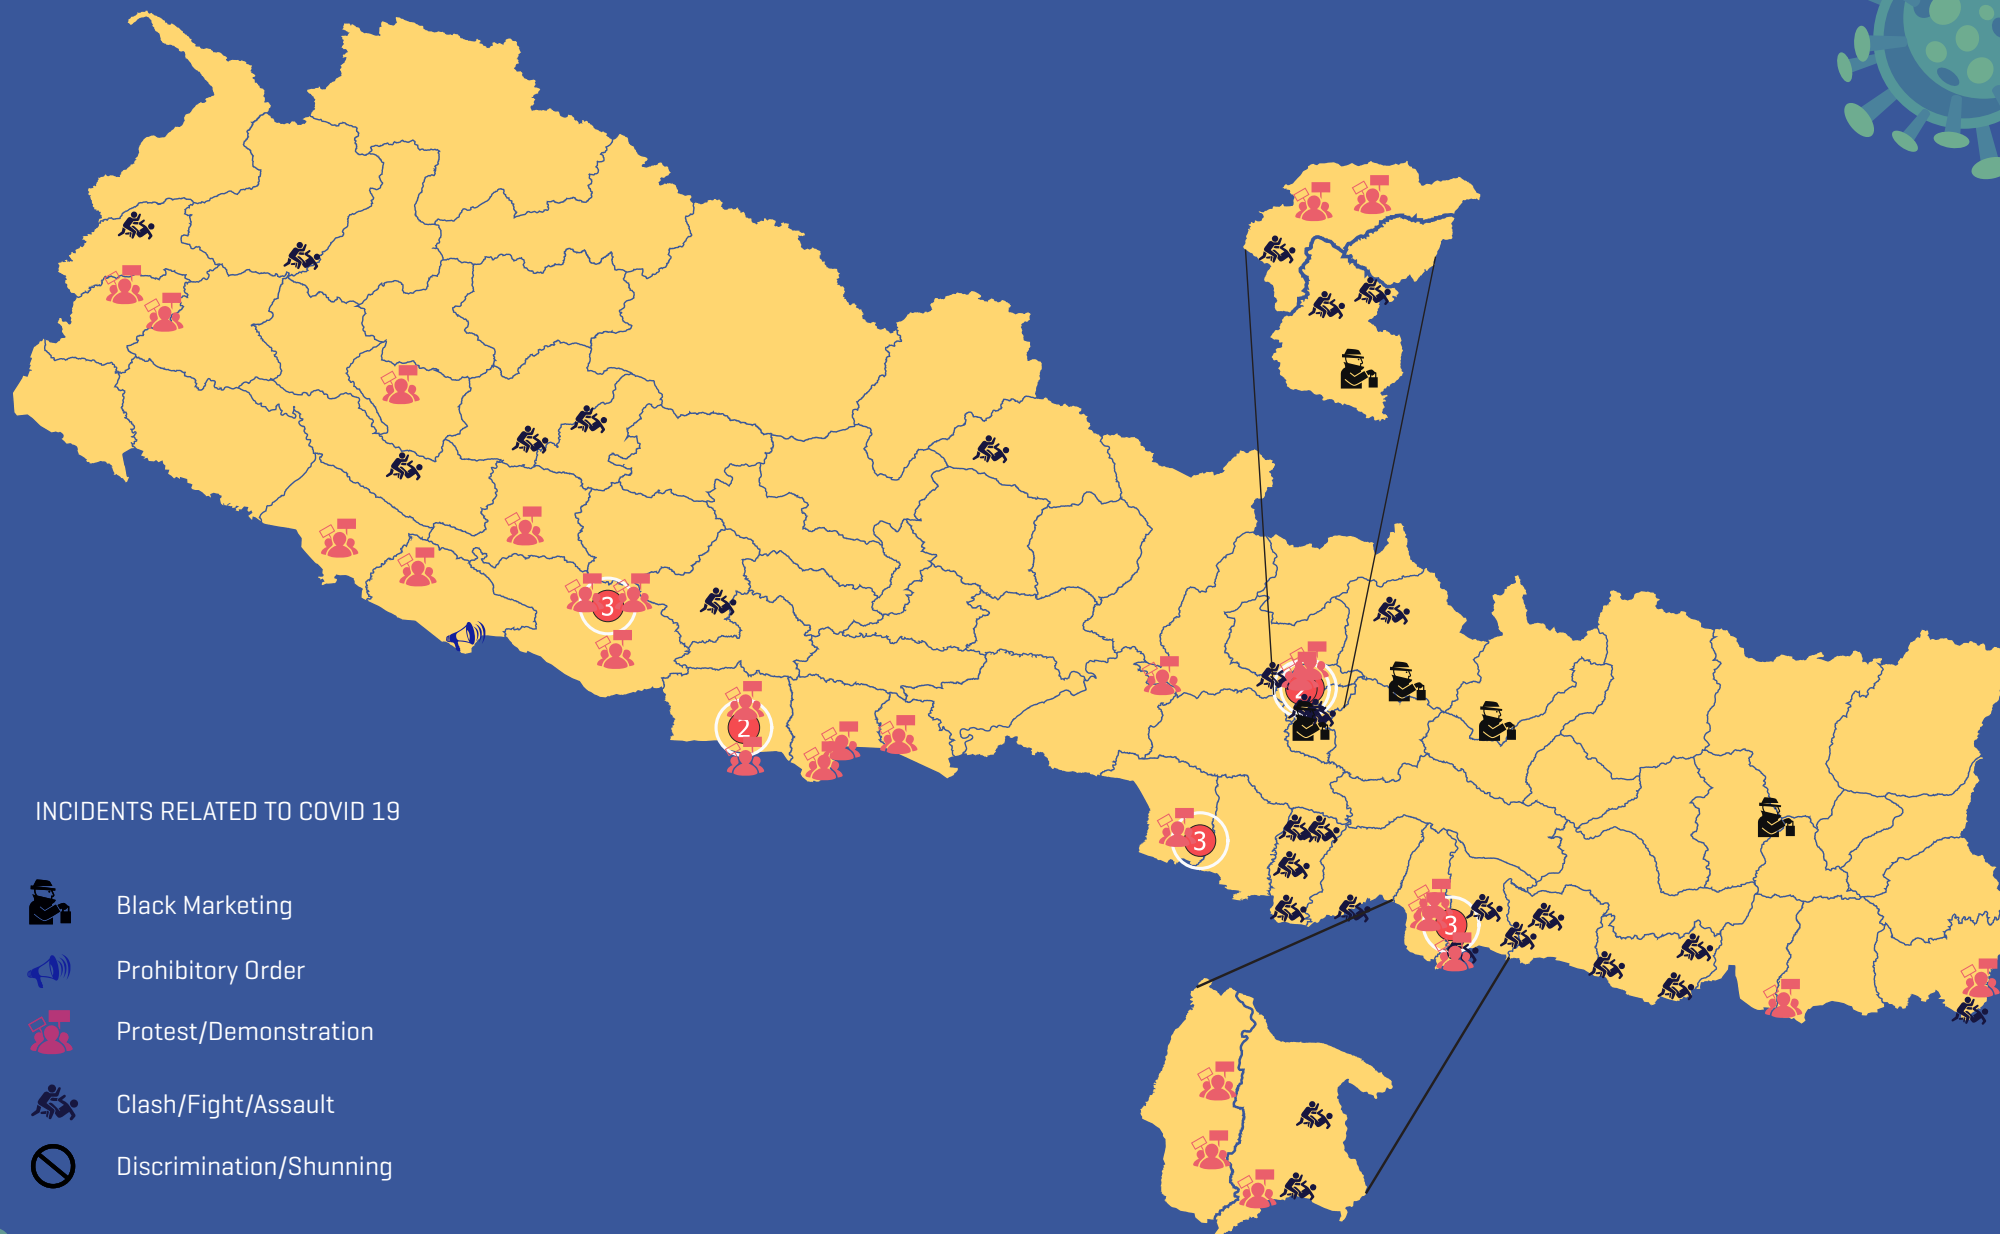

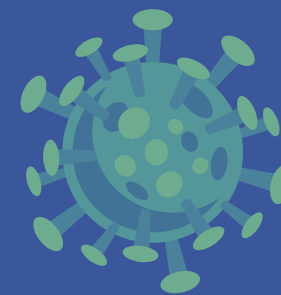

This bi-weekly report is aimed to inform our reader regarding the added crisis brought about by the COVID-19 pandemic which has affected everyone's livelihood and made some groups of people even more vulnerable than before.

Until May 30, a total of 1401 people have been tested positive for COVID-19 with 7 deaths .

## PROTESTS RELATED TO THE LOW STANDARD OF QUARANTINE CENTERS

While the number of positive cases of COVID-19 has been growing everyday the government is still unable to explain the importance of self isolation, social distancing and quarantine properly to the citizens across the country. The negligence at such a crucial time can jeopardise the lives of many. In the monitoring report of the National Human Rights Commission (NHRC), it stated that persons in quarantine did not have access to nutritious food, drinking water, toilets, proper shelter and health care facilities which has been set by the World Health Organization (WHO). The Commission also warned the authorities against depriving citizens their fundamental rights while in quarantine centers.<sup>38</sup>

As per the standard required by the World Health Organization (WHO), the concerned authorities should ensure that the health and safety equipment are available in the center and maintain good hygiene. The centers should be well equipped with clean and gender friendly toilets, nutritious food, clean dining area, visitors entry and exit doors and a waiting room.<sup>39</sup>

The issues related to the low standard of quarantine centers came in light after the death of a youth in Banke living in a neglected facility on May 17. The man had complained about not feeling well while in quarantine. Districts based COVID-19 Crisis Management Centers had decided to have ambulances and drivers ready at every local level for quick response.<sup>40</sup> Nonetheless, the locals were outraged as the man died without receiving treatment inside the quarantine center as the ambulance did not arrive due to lack of personal protective equipment (PPE).

**MAY  
23**

Locals staged a protest against the quality of quarantine set up at Bogadi Secondary School in Kotahimai Rural Municipality - 6 in Rupandehi as it does not meet the standards.<sup>41</sup> According to the protesting locals, the kitchen staff commute from home to the quarantine whereas the people kept in quarantine stroll around in the area in the evenings increasing the risk of spreading COVID-19.

**MAY  
23**

Students from various political parties staged a protest in Kapilbastu demanding better planning to contain the spread of COVID-19 along with quarantines meeting the standards and increased capacity for swab testing.<sup>42</sup>

**MAY  
29**

The youths kept in a quarantine center at Samauji Primary School in Ganyapdhura Rural Municipality 3 of Dadeldhura district burned the effigy of the chairperson accusing the local government of lack of management of basic needs in the quarantine centers as they had to order food from home since it was not arranged in the center.<sup>43</sup>

**MAY  
30**

The people in quarantine set up by Bhairav Rural Municipality complained that they were not provided basic needs such as food in the center.<sup>44</sup>

## BLACK MARKETING OF ESSENTIAL GOODS AT THE TIME OF CRISIS

**MAY  
20**

A businessman was arrested from Chautara Sangachowkgadhi Municipality 7, in Sindhupalchowk for black marketing of petrol. His fuel center charged Rs. 110 for a liter of petrol and didn't issue a bill.<sup>45</sup>

## EFFECTS OF COVID-19 ON THE PRIVATE SECTORS

The past two months of lockdown which was implemented from March 24?? To prevent the spread of COVID-19 has severely impacted Nepal's economy and tested the fragile political system of the country.<sup>72</sup> The financial pressure under private sectors and industries forced them to warn the government to address the growing difficulty of businesses throughout the budget for the next fiscal year. If the government fails to do so, the private sectors will take on the streets to protest. Furthermore, the representatives of the private sector blamed the government for not coming up with an effective plan to support businesses which have been hit the hardest by the crisis.

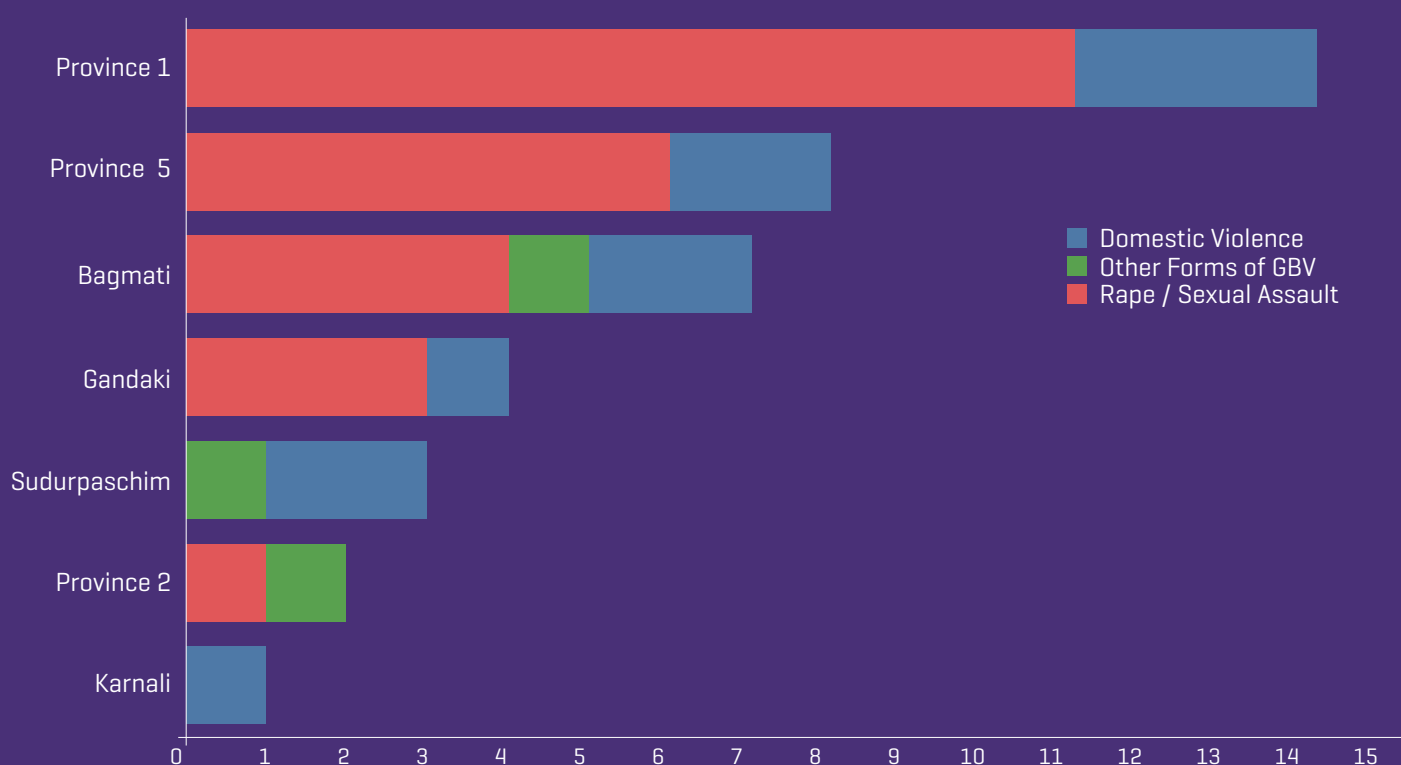

The Government of Nepal announced its federal budget for the fiscal year 2020/21 on May 28, 2020. The government has set aside Rs. 6 billion for control and management of COVID-19 and another Rs.12 billion to upgrade healthcare capacity insuring all health workers and increasing the overall budget of the Ministry of Health to Rs 90 billion to address pre-existing disease burden<sup>73</sup>.

## GENDER BASED VIOLENCE (GBV) CONTINUES TO INCREASE

The social and economic stress due to COVID-19 and the pre-existing harmful social norms along with the nationwide lockdown has led to an increase in gender based violence [GBV]. Many women and girls during the lockdown and social isolation are living with their abuser at home being disconnected from the support services. Since the beginning of the lock down, the Nepal Women's Commission's office received about 735 calls of which 248 were related to domestic violence against women.<sup>74</sup>

From May 16 - May 31, the PMP recorded 39 incidents of GBV. Rape was the most common form of violence with 22 cases followed by domestic violence with 11 cases. Of the 22 cases of rape, 19 victims were below the age of 26. [See Fig- 3].
